

The choice is clear...

Over
90%*

of current Eviva device using clinicians surveyed agree that the Eviva device offers a better patient experience compared to other Vacuum Assisted Breast Biopsy Devices when it comes to what's important...

RESULTS

A 2015 survey of 155 clinicians said that the Eviva device*...

- Acquires **high quality** core samples
- **Reduces** false negatives and minimizes **unnecessary recalls**
- **Minimizes complications** and maximizes patient **satisfaction**
- **Easy-to-operate**

Hologic recognizes the anxiety women have when facing a breast biopsy, we are committed to focusing on a better patient experience with the products we provide. Hologic's best-in-class prone and upright systems were designed for use with the Eviva breast biopsy system, offering optimized access with the Affirm upright and Affirm prone breast biopsy guidance systems.

The Affirm™ upright breast biopsy guidance system with the Eviva breast biopsy device

The Affirm™ prone breast biopsy guidance system with the Eviva breast biopsy device

The experience speaks for itself as

96%* of clinicians surveyed would
**recommend the Eviva device
to their colleagues**
